ANOTHER BIG ISSUE FULL OF INFORMATION AND ADS

ABOUT THE ATCO SHOW

GEORGE HOSEK WRITES THAT WELL OVER 30 TABLES ARE RESERVED SO FAR -- IF YOU WANT A TABLE YOU HAD BETTER GET IT RESERVED AS SOON AS POSSIBLE!!!
(Editor's Note: George is doing a super job of getting this show set up. He has all kinds of plans - door prizes, etc., etc.)

OTHER NOTES FROM YOUR EDITOR:

FIRST, IT IS IMPOSSIBLE TO LIST ALL THE COLLECTING INTEREST CHANGES IN THE BACK OF ATCO, IT WOULD TAKE ANOTHER TWO TO THREE PAGES. THERE ARE SOME ADDRESS, PHONE NUMBER AND OTHER CHANGES LISTED ALONG WITH THE NEW MEMBERS. THE NEXT ISSUE WILL LIST THOSE WHO HAVE RE-SIGNED.

I WISH TO THANK ALL THOSE GENEROUS COLLECTORS WHO SENT ME CENTENNIALS AND COMMEMORATIVES. YOU REALLY MADE MY LITTLE HOLIDAY A HAPPY ONE, ALTHOUGH WITH ALL THE STUFF THAT CAME IN IT WAS QUITE SHORT LIVED AND I WAS BACK TO WORK BEFORE I FIGURED TO BE.

SOME, NO DOUBT, FIGURED OR DID NOT FIGURE ON THE HOLIDAY AND THEIR ADS WILL BE LATE. IF THAT HAPPENS, THEN THESE ADS WILL BE THE FIRST ONES IN THE MARCH ISSUE.

ANOTHER NEW RULE: IF YOU GET YOUR MEMBERSHIP RENEWALS IN AFTER THE MAILING DATE OF THE NEXT ISSUE, YOU WILL MISS IT. ONCE WE HAVE MAILED WE CANNOT MAIL SINGLE COPIES UNDER OUR BULK RATE AND SO FIRST CLASS MUST BE USED. I CAN SEE NO REASON WHY THE MEMBERS OF ATCO WHO HAVE PAID THEIR DUES ON TIME SHOULD PAY FIRST CLASS FOR LATE MEMBERSHIP RENEWALS - CAN YOU?

WE ARE NOW STARTING INTO OUR SIXTH YEAR AND IT IS HOPED BY THE DIRECTORS AND MYSELF THAT YOU HAVE A HAPPY AND GAINFUL SIXTH YEAR.

YOUR EDITOR.

★ LAST MINUTE NOTE: I RECEIVED TWO CALLS OVER THE WEEK END TO MAKE CORRECTIONS ON ADS THAT MEMBERS SENT IN. IN CHECKING I FOUND THAT I DID NOT HAVE EITHER AD, SO THERE ARE ADS IN THE MAIL WHICH WILL NOT APPEAR IN THIS ISSUE. I'VE WARNED BEFORE ABOUT DEAD-LINING ME. THOSE ADS THAT ARE RECEIVED LATE WILL BE THE FIRST ADS IN THE NEXT ISSUE. IF YOU DO NOT HAVE THE AD IN MY HANDS BY THE 18TH OF THE MONTH - IT IS TO LATE!!!!!!!

LETTERS TO THE EDITOR:

SEVERAL YEARS AGO, AS A COLLECTOR OF ALL TYPES OF SMALL GAMBLING ITEMS (POKER CHIPS, TOKENS PUT AND TAKE SPINNERS, ETC., I BECAME INTERESTED IN COLLECTING "YOU-PAY" COIN SPINNERS. FELLOW COLLECTOR GLENN ROME OF SEATTLE WAS INSTRUMENTAL WITH HIS HELP AND GUIDANACE.

I WOULD LIKE TO HAVE A PERSONAL "YOU-PAY" COIN SPINNER MADE FOR ME BUT CAN'T FIND A TOKEN MANUFACTURER WHO STILL PRODUCES THESE.

CAN ANYONE HELP??????
TOM FRENCH, 104 WINFIELD WAY, APTOS, CA 95003

DEAR BILL: I HAVE BEEN COLLECTING BLACK AMERICAN EXONUMIA FOR OVER TWENTY YEARS. IT HASN'T BEEN EASY. I HAVE ACCUMULATED SOME DUPLICATES WHICH I AM WILLING TO SHARE WITH THOSE WHO MIGHT DEVELOP A SIMILAR COLLECTING INTEREST. I AM ALSO ATTEMPTING TO DEVELOP A MARKET FOR THOSE WHO MAY HAVE BLACK AMERICAN EXONUMIA THAT THEY WOULD LIKE TO SELL.

SINCERELY, ARNOLD WINFIELD, P.O. BOX 181, NORTH CHICAGO, ILLINOIS 60064
(Editor's Note: I know of only two collectors who collect Black America that I have become acquainted with. I know that there are items of interest to these two collectors out there. How about a little help for them!!!)

* *

DEAR BILL: In a future issue will you mention the use of the Traders Page?

Jim Owens

(Editor's Note: O.K. Jim. Each member can run a 40 word ad in each issue of ATCO, in the Traders Page, free. You can run an ad for less than 40 words, but not over 40 words)

Dear Bill: ATCO dues enclosed. I notice in the membership directory you list members and then at the end you show 2 as subscribers. Would appreciate if you would explain the difference in next issue.

Best Regards, LLOYD E. WAGAMAN

Editor's Note: No explanation Lloyd. That is the way they wanted to be listed so I listed them that way.

Dear Bill: Enclosed is a check for $35.00 to be broken down and used as follows: My 1987 dues $15.00; for our Polish Friends $10.00 and for your word processor $10.00.

Use the $10.00 for our Polish friends for either membership or postage, what ever you think. If after donations are in and you find the fund short for postage let us know. I'm sure a bunch of us would help.

Danny [illegible] and Family

Editor's Note: Thanks for the nice letter and donations Danny. I did not print all of your nice letter, but did get the part in that you are interested in. This is the first of the donations for our Polish Friends. Our biggest problem with foreign members is the postage. You almost have to mail by air mail which costs like heck or they don't get an issue for 30 to 45 days. So, if a couple more of you would send checks we'll send a membership to them and send by air mail.

Dear Mr. Clapper: On behalf of The Numismatic Institute I would like to thank you for your recent donation of tokens, etc. to The Institute. I was very kind of you to make the donation and we do appreciate it.

I was happy to hear you printed my letter.

COLLECTOR HANDBOOK
collecting
WORLD COINS
A CENTURY OF MONETARY ISSUES
FIRST EDITION

COLLECTING WORLD COINS, A COLLECTOR'S HANDBOOK,

NOW AVAILABLE FROM KRAUSE PUBLICATIONS

Iola, WI -- Krause Publications, Iola, announces the release of the first edition of Collecting World Coins, a collector's handbook.

The new 592-page volume, edited by Colin R. Bruce II, is geared toward the casual or novice collector whose reference requirements can be met with Collecting World Coins' concise yet comprehensive presentation of popular world coinage circulated during the last 100 years. The softcover volume carries a $13.95 price tag, and is available from coin and hobby shops across the nation.

Collecting World Coins is keyed to enabling all users -- whether they possess basic or more advanced knowledge -- to easily and quickly identify coins which require attribution to country, valuation or type. Over 19,200 coins are date and mint listed, complete with mintage totals. Valuations are presented in up to four grades of preservation. 15,400 actual-size coin photos will aid in the identification of these popularly-collected world coins.

Readers will find accurate, reliable and easy-to-use information on the world's past century of monetary issue coins. Featured in the volume are coins of great historical value, which attribute is drawn from the people, events and symbols emblazon them, or because they provide a tangible tie to historic eras. These fascinating collectibles help individuals to more fully understand the heritage represented, and the coin collecting hobby.

Two convenient user aids enhance the utility of this volume. The Instant Identifier guide including Monograms focuses on the dominant design characteristics. A comprehensive Country Index documents the variable forms of country names that appear on subject coins. A Coin Denomination Index provides another step in identification. By using these features, the novice collector can quickly attribute any monetary world coin issue of the past 100-plus years to its country of origin.

From Angola to Zimbabwe, the listings are cataloged according to historic-geographic criteria which group under singular headings the various coinages circulated in historically continuous area. For example, the issues of the old Belgian Congo and its successor entities will be found listed under Zaire, and the coins of both North Korea and South Korea will be found entered under the heading of Korea.

Krause-Mishler cataloging numbers (KM#) are predominate and accompany most coin of issue type listings catalogued. These are the same numeric designations found in Krause Publication's authoritative volume, the Standard Catalog of World Coins.

Collecting World Coins is priced at $13.95, and can be purchased at coin and hobby shops across the United States, or ordered directly from Krause Publications, 700 E. State St., Iola, WI 54990. A postage and handling charge of $2.50 per copy should be added when ordering from the publisher.

ALASKANA WANTED

While pre-statehood tokens have been my main collecting interest for many years, I am also interested in just about anything pertaining to the Alaska-Yukon-Pacific Exposition held in Seattle in 1909.

I have very little trading material other than Alaskan.

Please describe and price. Send for price list of more common items.

mail \ˈmā(ə)l\ order \ˈord-ər\ phobia \ˈfō-bē-ə\

n. an exaggerated fear of buying through mail order advertising

If you've got it you're not alone Mailorderphobia — the fear of buying 'sight unseen' through mail order ads — affects thousands of collectors who once used the mails with confidence

It's an unfortunate fact of life that 'fast buck artists' have infiltrated the hobby But you won't find them in NUMISMATIC NEWS Because we simply won't allow it

All NUMISMATIC NEWS advertisers pass a strict screening policy before they utilize our pages To further protect the interests of our valued subscribers, we conduct an ongoing intensive, 'blind testing' program insuring that advertisers deliver what's promised

By spending thousands of dollars annually this way we continually affirm the integrity of our advertisers, and recognize their sound business practices with our seal of approval — the Krause Publications' Customer Service Award

While the constant shadow of mailorderphobia may lurk over others in the hobby, the sun shines bright on NUMISMATIC NEWS subscribers You can rely on us to provide an atmosphere that promotes a fair exchange — in every transaction you make

PLEASE SEND ATTRIBUTIONS TO DICK WORTHINGTON, 2511 LAURA LANE
PEARLAND, TEXAS 77581

Dear Bill,

Although I have been collecting tokens with the advertising of "Billiard Company Suppliers" on the reverse for some time now, I have never seen published a list of all the different companies.

So, by way of an educational article, I would like to throw out this list of companies, and when and where they were known to be in business. If anyone can add to the list, or can fill in some of the dates, please let me know. I will revise the list (and share the credit with the contributors) in some future issue of ATCO.

Some companies were only in business a short time. Others were in business a long time, but are believed to have issued tokens only for a little while.

I believe the first person to issue a token advertising a Billiard Company was George E. Phelan. He issued a token with a pool table pictured on it for the 1876 U.S. Centenial.

The last Company to issue tokens with pool tables pictured on them may have been the Brunswick Balke Collender Company. Their tokens appear to have been struck between 1884 and 1911.

I will put in parenthesis () the dates that I think some of these tokens were issued. Dates in parenthesis are not necessarily the dates they were in business. But they are the likely dates tokens were being manufactured.

Not all of these companies were in the billiard table business. But they have usually been included in lists of "Billiard Company Suppliers". Charles Pick of Chicago is a notable example. Pick supplied tableware to restaurants and saloons. The Western Supply Co of Kansas City, Mo., may have supplied saloon fixtures (and tokens) but not billiard tables.

There is no reason to believe that any of these companies made their own tokens. Instead, it is believed they subcontracted the work out to die sinkers and token manufacturers in many different cities.

If anyone can add to this list, or knows when these companies were in business, they should feel free to contact me, and I will share the credit in some future issue of ATCO.

Sincerely,
Hank Thoele

Dear Bill:

Received the February issue of ATCO on the 29th of January and I must say, our good old post office department is improving with age, as this is the earliest I have ever received the ATCO. As Editor you should be very proud of the February issue as it is a dandy and with a lot of material in the ads. It sounds like the Omaha meet is going to be a good one.

I'm enclosing a couple more of Centennials for your collection that I found the other day. One from Yakima and one from Ellensburg. These towns are only a few miles apart. Glad to read that you received quite a few of these for the holidays and kept you busy while on vacation.

Now Bill, I've got to get on my soap box and get a few things off my chest in regards to postage, insurance, grading, bidding and payment on receipt of merchandise.

First lets start with postage and insurance. Some say they don't like items to be insured and that the price is too high - but if they get lost or whatever who is stuck - you are right THE SHIPPER and the insurance is the only recourse and I don't think it is that expensive. When I mailed out the winning bids from the December-January sale, I had fifteen (15) envelopes with one or two maybe three items in them, which I didn't feel they were worth insuring so sent them first class and hoped they would make the trip. When I made out the invoice I billed 22¢ for postage, but when I arrived at the post office and asked for a hand cancel job, the clerk told me that would be 10¢ additional for this service. Was quite shocked - but the clerk told me if they can't run the envelopes through their new machine, which is very sensitive and runs about 300 MPH and anything bulky like a coin, key or tokens will cause the machine to do crazy things - like throwing letters all over the place and chewing them up. After the long dissertation on the new machine - I still had to pay the extra 10¢ for the hand cancel job. So trying to figure out how to recoup my 10¢ per envelope I wrote on the back of each envelope "Note extra postage" and hoped everyone opens their envelopes from the back like they should and noticed the extra postage. Well Bill I batted a little better than 500, as 9 of the 15 caught it and I only lost 60¢. But on the lighter side one kind and generous bidder gave me a 51¢ tip and I was able to salvage two 22¢ stamps that didn't get cancelled, so I recouped I thought - but low and behold I had to send out four follow-ups to the ones that didn't pay on time so I lost again. Really don't mind waiting for payment, but if the bidder will let you know he received the shipment and say my check will be forthcoming then this eases the mind. You know the shipment made it through the mail and I'm 20 miles from the nearest post office. Also they will call or write for information on a certain item, want a rubbing, condition or Xerox copy and really want this item then you have to wait over two weeks for payment.

Now in regards to grading, I can see where this is going to be a problem in the future if we don't set down some firm rules and guidelines to grading this type of material.

Page 2

Really think our Directors, Ethics Committee or both should get together at Omaha to see if grading is necessary and if so make some grading rules and guidelines. I really don't think it is necessary as most material I have received or sent out has been in pretty good shape, and I have and have read in other ads that the defects are mentioned - such as - holed, rim dings, dug, rough, worn or whatever the case may be. This is my thoughts on this and I really think it should be brought up in Omaha and then make it known to the membership that we do or don't grade, but really think it has to be one way or another.

Now just before I jump off the good old Soap box and I've been on it long enough. Lets go to the bidding. When I talked to you on the phone last month, we both agreed what to do with the RIDICULOUS bids received. What really bothers me is when you have a item and it is described as being silver, sterling or a set of tokens consisting of say 3-5 tokens and all from the same business - then you receive bids like $1.77 - 2.99, then they will write and ask why they didn't get that certain item. What I can get out of this is that they aren't reading the ads as described or trying to take the advertisers as the village idiots. Maybe they should try a mail bid sale with their merchandise and then they will find out the work and cost of doing one. I am also asked by some of the bidders why we put in the "I reserve the right to reject any bid" and if I have the time I will write and let them know exactly why we do this.

Well Bill thanks for letting me bend you ear and I really think with all of the new members that we have these points should be brought out in an article in a future issue and maybe it will help them understand a little better and it might even help some of the older bidders.

Thanks for you help.

Best regards,

Bob

Dear Bill:

I can't let my good friend Danny Agler hog all the limelight!! I used to be Sheriff of the County where he lives and have known him since he was in diapers! I still see him at least twice a year at our Texas Token Collectors meetings. Maybe we can start a "Challenge", so to speak, for all ATCO Members. Break my check down as follows: $15.00 for membership dues - $11.00 For Our Polish Friends and $11.00 for your word processor!!
Tokenly yours,

Joe Earl Hunt

(Editor's Note: Thanks Joe!!! I have not pushed the word processor because I don't want to look like I constantly have my hand out. Seems I'm always asking for something.

CALIFORNIA ASSOCIATION OF TOKEN COLLECTOR'S
30th ANNIVERSARY CELEBRATION SCAVENGER HUNT CONTEST
OFFICIAL RULES AND REGULATIONS

1. ELIGIBILITY: The contest is open to all collectors in the United States and Canada, except the members of the Executive Board of the California Association of Token Collectors (who will supervise the contest and determine the winner) and their families. The contest will run through Sept. 1, 1987.
2. REGISTRATION: Anyone planning to enter the contest must register his/her name by sending a large self-addressed stamped envelope to receive a copy of the Official Rules. Registration must be made prior to Aug. 1, 1987, and you must include your home phone number for notification of winner. If you already have a copy of the Rules, you still must register by sending us your home phone number. You must report your progress on or before Sept. 1, 1987, to be eligible for the prize.
3. THE CONTEST: The challenge is to assemble a complete DATE SET ("month and day") for the entire calendar year, using dates found on any type of token, medal, or tag, from the United States or Canada only, subject to the restrictions and limitations given below. A different item must be found bearing each date: Jan.1, Jan.2, Jan.3, Jan.4, ..., all the way through Dec.31, and including Feb.29, the leap year day. Thus a complete set will consist of 366 different pieces, each bearing a different date of the year. The year is unimportant and need not be present, and the type or topic of the piece bearing each date is irrelevant. The collector value of the piece is also immaterial: junkbox specimens worth 5¢ or 10¢ are just as valid as rare pieces bearing the same date.

   The first person able to complete the date set and have it verified by the judges (see below) will win $366.00 (= $1.00 for each date). If no one completes the set, all entrants must report the number of dates they have assembled, no later than Sept. 1, 1987. Whoever claims the highest number will be notified by phone, and after verification will win 75¢ for each date assembled. In case of a tie, the prize money will be divided equally among the winners.
4. TYPE OF DATES ALLOWABLE: Each date must have the name of the month spelled out completely or abbreviated by 3 or more letters, and be followed (immediately or unambiguously nearby) by the day number in numerals or spelled out. Examples follow, using November 20th.

   Examples of dates that are allowable:
   Nov. 20 or Nov. 20th or November 20 or November 20th
   November Twentieth or Nov. Twentieth
   20th of November or 20th of Nov.
   Nov. 20-23 (when a run of consecutive dates appear, only the first may be used)
   Nov. 20 to Nov. 23 (can be used for either date, but not both)
   Nov. 20,21,22,23 (can be used for the first date only)
   Examples of dates not allowed:
   11-20 or 20-11
   NV.20 or No.20 or N.20
   20th Day of the Eleventh Month
   All tabular dates, such as with the month at top
   and list of days below (see example at right:)
   Dates with Roman Numerals as part of the date (month or day)
   All dates in foreign languages.

   NOV.
   19 ...
   20 ...
   21 ...
5. RESTRICTIONS: The following may not be used:
   a) exonumia from countries other than the United States and Canada.
   b) dates appearing as counterstamps.
   c) modern engravings.
   d) items made specifically for this contest.
   e) items dated 1987 (must be 1986 or earlier if dated).
   f) rectangular paper tickets or coupons.

g) rubber-stamped, date-stamped, machine-stamped, postmarked, or handwritten dates on non-metal exonumia.
h) personal ID tags or tags from self-service letter punch machines.
i) dates that don't exist (Feb.30, April 31, etc.); or dates on coins or currency.
j) pinback buttons, pocket mirrors, and other such non-coinlike advertising or souvenir items.
k) items too large to fit into a 2x2 envelope. Larger pieces are not allowed, nor are larger items folded down to 2x2 inches or smaller.

6. LIMITATIONS: This is to prevent collectors with a large number of one type of exonumia to have a significant advantage. No more than six (6) pieces are allowed per month of each of the following types of exonumia:
   a) wooden nickels or wooden tokens
   b) elongated coins
   c) sport schedule tokens
   d) love tokens or engraved award medals
   e) Mardi Gras doubloons and medals
   f) baseball coins
   g) souvenir trade coins from town celebrations, etc.
   h) personal tokens of token collectors
7. CORRESPONDENCE: Entrants may wish to check from time to time to find out if someone already won the contest. If someone does win before Sept. 1, we cannot notify all entrants of this fact, but such news will be sent to COIN WORLD and NUMISMATIC NEWS newspapers. Every time you write in for information, to have questions answered, or to check on the acceptability of certain pieces, be sure to include a stamped self-addressed return envelope for a reply. Use the address below for all contest correspondence.
8. VERIFICATION OF WINNING COLLECTION: The first collector who writes in claiming to have completed the date set, will be asked to send in his collection for verification. A written invoice with a brief description of the item for each date must be included; for convenience use a blank calendar and write the item in each day's box. His shipping costs will be reimbursed if all the tokens qualify, as per sections 4 to 6 above, and the set is complete and verified by the judges. Decision of the judges will be final, in all matters. After verification, the winner will be notified by phone, and his collection will be returned, postpaid and insured, with the prize money.

   If no claims of a complete set are received, whoever claims the largest number of dates assembled by Sept. 1, 1987, will be notified by phone and asked to submit his collection, as above. The winner will be announced publically at the September, 1987 meeting of the Calif. Assn. of Token Collectors, where the collection will be on display.
9. HELPFUL HINTS: Try using a yearly calendar to keep track of the dates you already have and those you need. This can also be used as the invoice should you win. The dates on tokens and medals can be: founding dates, anniversary dates, holidays, celebrations, sport events, store sales, expiration dates on tokens, birthdates, death dates, meeting or convention dates, zodiac dates, election dates, etc.
10. MEMBERSHIP: Entrants do not have to be members of the California Association of Token Collectors, but are welcome to join. Dues are $3.00 per year, and you receive the bimonthly newsletter TOKEN TOPICS which contains free ads from members. The status of this contest will be reported in the issues of TOKEN TOPICS this year. If you wish to join, send your $3.00 check made out to Calif. Assn. of Token Collectors, to the address below. The club meets locally in the greater Los Angeles area six times per year, the third Sunday of each odd-numbered month.

A message to all token collectors:

There are thousands of different tokens in existance which makes token collecting so interesting. Collecting them all is impossible. However, there is something we can all get — knowledge about tokens. Each token has a story to tell, if we dig deep enough for it to surface. For some tokens getting the story is easy; for some it is hard. Mavericks are even harder because the location of their origins is hidden.

In the 1960's, TAMS began a Mavericks column in the JOURNAL. This was an important start since they have to be listed and described before they can be attributed. Similar columns have since been started in three other publications, but the TAMS listing is the grandaddy of them all — over 12,000 have been listed. Not all have been attributed obviously, but the number of attributions has grown by leaps and bounds in the more recent years.

Through the years I have published alphabetical indexes to these listings as the number has grown. Judging from reports, they have been well received. Each revision has been an improvement over the previous editions. The latest edition is by far the best — in printing and format, and because it includes a complete copy of all the mavericks listed in the TAMS JOURNAL (this was authorized by TAMS several years ago), as well as the latest revision of the alphabetical index. There will be an annual, cumulative index, thus eliminating the need for a new revision for many years. The price of this 2-volume, 568 page book is $35.00 postpaid and insured. A limited number have been printed.

Also, through tho years I have been compiling a list of attributed mavericks. Listings now number over 50,000 and are approaching 75,000. When published, this list will be a useful reference tool, however I do not have any immediate plans to publish it. Perhaps some publisher would be interested in publishing this list. I would be willing to discuss this possibility further.

I will, however, be introducing, during 1987, a quarterly publication which will be entitled THE MAVERICK JOURNAL. The first issue will be available shortly. Anyone who ordered my Index will be getting a copy of this first issue. Anyone else desiring a copy will be sent one upon receipt of a 22c postage stamp to cover the postage.

EDITOR'S NOTES:

FIRST CLASS MAIL: AGAIN, I WILL REMIND THOSE WHO WANT FASTER SERVICE THAT THEY CAN GET FIRST CLASS MAIL FOR $7.50 PER YEAR.

LIFE MEMBERSHIPS: I AM ASKED FROM TIME TO TIME WHETHER THERE ARE ANY LIFE MEMBERSHIPS OPEN. YES, THERE IS ONE. SO, IF YOU WANT LIFE MEMBERSHIP WITHOUT FURTHER WORRY ABOUT DUES, SEND YOUR CHECK FOR $100.00. THE FIRST CHECK HERE GET THE ONE OPENING.

NEW MEMBERS: YOU WILL NOTE IN THIS ISSUE THAT THERE ARE A NUMBER OF NEW MEMBERS. THIS IS THE EFFORT OF A VERY FEW MEMBERS OF ATCO. IF EVERYONE ONE OF YOU WOULD TRY AND GET JUST ONE NEW MEMBER ATCO WOULD GROW AND WITH THE GROWTH MORE OPPORTUNITY TO TRADE FOR OR BUY TOKENS YOU NEED. EVERY NEW MEMBER WILL FIND TOKENS THAT YOU WILL NOT FIND. SO, WHY DON'T WE ALL TRY AND GET ONE NEW MEMBER THIS NEXT MONTH???

MY THANKS: TO THOSE FEW MEMBERS WHO HAVE SENT ME COMMEMORATIVES AND CENTENNIALS FOR MY COLLECTION. THIS HAS BEEN A ROUGH PAST TWO MONTHS. MANY OF YOU FORGET THAT I WORK AND SPEND ABOUT 10 HOURS A DAY ON MY JOB, THEN COME HOME AND TAKE CARE OF TWO BOYS AND, THEN WORK ON ATCO. ALL WEEK ENDS ARE SPENT ON ATCO, SO WHEN A NEW COMMEMORATIVE OR CENTENNIAL ARRIVES IT GREATLY BOOSTS MY ENERGY TO WORK HARDER ON ATCO. I DON'T HAVE TIME TO HUNT LIKE I USED TO.

ATCO TOKEN ALERT!!!!

Dear Bill: On February 5, 1987 my house was burlarized and my entire token collection was stolen along with coins, jewelry, stereo and rifle. Through the help of Hal Hirt and Andy Carrol, I recovered my foreign coin collection. My gold coins, jewelry and my Arizona Token collection, U.S. Type set, Carson City Silver Dollars. Through the help of the Bisbee Police Department the suspect is described as: White, 5'10" tall, 150 pound, medium length dark brown hair, 24 to 29 years old. The general Arizona collection consisted of: 140 tokens in a brown Dansco Window Album. 10 Tombstone, 15 Oatman, 10 Pearce, 40 Prescott, 15 Jerome, 8 Indian Traders, 8 Douglas, 4 Benson, 3 Mayer, and others.
Again, I wish to thank Hal Hirt and John Mieg. If anyone sees or hears of these tokens please call the Bisbee Police Department at 602/432-2261. THANKS.

NEWS RELEASE

THE ISSUE OF THE 16TH HAVASU-LONDON BRIDGE COMMEMORATIVE SERIES (THE HAVASU DOLLAR)

Art Tuberman is pleased to announce and present his new design for the sixteenth issue released October 1986 for 1987, and commemorating the Becentennial year of the signing of the U.S. Constitution. The new regular-annual issue is 1-9/16" brilliant uncirculated solid copper, and is available through 1987 for $2.50 each postpaid, within the U.S. and Canada, in U.S. Funds. The shipping and handling charges should be adjusted for overseas orders. Also, available are the "Special Limited Edition Designer's Issues" in one ounce .999 find silver and an antiqued copper edition as well as uncirculated past issues and various sets.

What initially started as the major fund raising vehicle for the London Bridge Rotary Club's charitable projects, and to recognize that historical transporting, rebuilding and rededication of the World Famous London Bridge, the now popular and worldwide collector's item, the HAVASU DOLLAR was issued. Once recognized as the longest continuing series of trade dollars issued by a community, the Havasu-London Bridge Commemorative Medal, as it has come to be known, is recognized as the official souvenir and annual commemorative of the156 year old London Bridge, in this 22 year old desert community known as the "Jewel On the Arizona Coast. No longer used as a "trade dollar" in the community, it is a very popular and sought after collector's item by an ever growing list of people from all over the world, by mail and in person by visitors to the London Bridge and its beautiful English village, and Lake Havasu City located on the mighty Colorado River, in the 75 year old Great State of Arizona.

The 15th issue in the series, commemorating the Statue of Liverty's 1986 Centennial proved to be one of the more popular issues. It is still available from the designer in the brilliant golden bronze at $3.00 each, postpaid.

Editor's Notes:

You will note that in the last issue I failed to fill in what was in that issue. I got deadlined again and forgot. Our printer thought it looked blank and filled in the words "Good Stuff".

We have another big issue again. It really makes for extra work but I'll have a little help this week end with my son home from college for spring break.

Again, I wish to thank those few who sent me Centennials and Commemoratives for my collection. It sure brightens up a day when I've been at it for 12 to 14 hours. So, again, thanks!!

BUY·SELL·TRADE

"Buyers Fee" is for the Birds

by Lloyd E Wagaman

I wonder what the reaction would be if every mail bid sale in this issue of ATCO advised you that a 10% "Buyers Fee" would be added to invoice of all winning bids. That is exactly what can be expected in the future if collectors fail to band together now to halt this practice.

In the past few months I have noticed more and more of the commercial mail bid operators have implemented this fee. If the commercial operators are justified in charging a 10% buyers fee, then every sale in this issue of ATCO should be entitled to the same charge. Fact is I fail to see where a bid sale should be entitled to this fee, anymore than a fixed price list. If you ordered an item from a fixed price list for $20.00, I'll bet you would be very irritated if you were informed it would cost you $22.00.

The buyers in these mail bid sales expect to pay the postage & insurance, and rightfully so, however all the expenses of operating the sale should fall on the shoulders of the mail bid operator.

Some use the excuse that in having a buyers fee, they can lower the fee charged to consignors and thus attract more and better material for their sale. I wonder what they will use to attract more and better material, when all bid sales are charging a buyers fee.

I know there are some collectors that think they just have to have a certain piece regardless of the cost and they bid accordingly. To these few the buyers fee won't make any difference. However I think the majority of collectors bid responsibly, and I think most of them are as strongly opposed to the "Buyers Fee" as I am. I learned long ago that I can never have all the tokens that I am interested in. I know there are many on which I will be out-bid, or which I feel I can not afford. I feel if I can live without these, I can certainly survive without the few I will miss by refusing to bid on sales that impose a "Buyers Fee". I ask all collectors that are as unhappy with this unjust fee as I am, to join me in refusing to bid on such sales. I'm quite sure none of the mail bid operators will be greatly concerned whether or not I bid on their sales, but if enough of us will with hold our bids, it will start them to thinking. They can not have a successful sale without the bidders.

Personally, I feel that if the person running the sale can not make himself a reasonable return from his endeavors, from the fee he charges consignors, then he should find himself a different business to be in.

Again, I ask you to join me in boycotting these "Buyers Fee" mail bid sales. There is strength in numbers and we can make a difference.

SOUTH CAROLINA CATALOGER NEEDS HELP!

Bill, I have now advertised twice in the Traders Pages and have received no response. I need SOUTH CAROLINA DIRECTORIES (PHOTOCOPIES OR ORIGINALS) to help me in my cataloging efforts. I plan a small historical note on each merchant but I have a significant gap in my business directories. I am O.K. before and after 1914 but nothing in between. I know that there are directories out there??? I will take Duns and Bradstreets or any other business directory that lists South Carolina.

If anyone can help would you please contact me: TONY CHIBBARO, P.O. BOX 420, PROSPERITY, SC 29127.

(Editor's Note: Tony, you might try contacting Paul Dillingham, P.O. Box 140227, Nashville, TN 37214. He has tons of this stuff!!)

HOLIDAY INN

After 25 years of collecting Texas trade tokens I find that I can no longer compete with the "big" boys.

Putting up for sale my entire Texas collection as one lot consisting of over 3000 Texas trade tokens plus assorted medals. Paper items. duplicates. Reference Material and my Comprehensive Catalog system.

To accomplish this I am having printed 20 copies of personal catalog that will be sold to potential bidders for 50.00 each. Postpaid VIA U.P.S. Price of the catalog will not be refundable. Checks for the catalogs will be deposited 5-15, Catalogs will be sent out 6-1, with bidding closing 7-15.

The catalog consists of over 500 pages with all tokens completely described and pictured VIA reproduced pencil rubbings. Tokens are not graded.

The collection contains tokens from over 600 towns, over 175 with word "SALOON," 7 Vulcanite, pictorials, over 200 Lumber Co., Coal Co., and many other fine pieces with at least 1000 tokens that will rate R-8 or better.

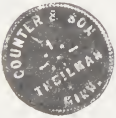
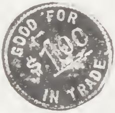
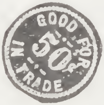
OLD HOARD JUST DISCOVERED !!!!!





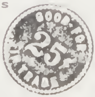


COUNTER & SON
THEILMAN
MINN.

OLD HOARD JUST DISCOVERED !!!!!

You do not have to be Minnesota token collector to appreciate & want a set of these recently discovered tokens! Up until this discovery the town of Theilman was a quite scarce town for any token.

I recently obtained a small group of complete sets(5 tokens: 5¢ -> $1) on the tiny town of Theilman, Minn. This little town has a population of less than 40 people and in its "most prosperous" days -- early 1900's it was never over 100 people. The group of tokens was recently obtained from a grand-daughter of the owner of this SALOON in the town of Theilman(called Theilmanton before 1900) and it was the complete "holdings" of the estate of the SALOON owner - John Counter. These tokens are all Round and Aluminum All are in nice condition. They do not say SALOON on the token but the Dunn and Bradstreet reference books state it was such a place until about 1917 - that is when John Counter died. The tokens say on them Counter & Son. The son's name was Clarence and after the father passed away(and also Prohibition set in) Clarence continued working by owning a Grain business, and later turned it into a General Store.



However these tokens are when they had the SALOON, and would date basically in the period of 1900 - 1917 --> so they are real nice OLD tokens. Your set will be in decent shape and I know you'll enjoy them!

For a complete set of the 5 different tokens I only ask $9 and I will pay the postage! If you would like 2 sets, you can have them for just $17,-- that is a terrific buy to get a neat set of old tokens from the tiny town of Theilman, Minn nestled in a wooded valley of Wabasha Co near the Mississippi River. UNIQUE opportunity here - send for a set!

Whom do you trust

Trust is an important ingredient in any transaction. With it you can proceed with confidence. Without it, every move is a gamble that could cost you dearly.

In the coin hobby, "trust" is synonymous with NUMISMATIC NEWS advertisers. Frankly speaking, they're the "best in the business." We won't have it any other way!

NUMISMATIC NEWS advertisers pass a strict screening policy before they utilize our pages. And, to further protect the interests of our valued subscribers, we conduct an ongoing, intensive "blind testing" program insuring that what's promised is delivered.

By spending thousands of dollars annually this way, we continually affirm the integrity of our advertisers and recognize their sound business practices with our seal of approval: the Krause Publications' Customer Service Award. This is good news for our readers — because it takes the worry out of mail order transactions. And good news for our advertisers — because their advertising builds them a lifelong clientele.

In a hobby that's built on trust, you can rely on NUMISMATIC NEWS to provide an atmosphere that fosters a fair exchange — in every deal you make.

YOUR AD COULD APPEAR HERE FOR ONE FULL YEAR FOR JUST $25.00

WHAT WILL MAKE OUR HOBBY SUCCESSFUL AND WHAT WHAT WILL HURT IT FOR EVERYONE???

WORKING TO GET NEW MEMBERS WHO WILL IN TURN FIND TOKENS THAT WE WOULD NOT BE ABLE TO FIND BECAUSE OF THE SOURCES THEY MAY HAVE.

MAKING MORE TRADE LISTS AVAIALABLE FOR THOSE WHO DO NOT HAVE THE TIME TO HUNT TOKENS. I FIND THAT ONE CAN BECOME DISCOURAGED IN A NEW HOBBY IF THEY FAIL TO ADD TO WHAT THEY ARE COLLECTING. WITH DISCOURAGEMENT COMES DROP-OUTS.

FAILING TO HAVE AREA MEETINGS WHERE THERE IS A CONCENTRATION OF MEMBERS. SUCH MEETINGS CAN ENCOURAGE THE NEW COLLECTOR, ESPECIALLY.

I DO NOT KNOW HOW MANY FEEL THE WAY THAT I DO, BUT TRADING IS ABOUT AS MUCH FUN AS COLLECTING. HOW MUCH TRADING DO YOU DO???

THERE ARE PROBABLY OTHER THINGS THAT I'VE MISSED THAT SOME OF YOU COLLECTORS COULD ADD TO.

" A TALE OF TOKENS & A QUESTION OF ETHICS "

by Tony Chibbaro

I'm sure many of us know the feeling -- the feeling of disappointment which follows an unsuccessful token-hunting trip. The hard-core token-hunters among us, who spend many hours driving the back roads in search of tokens, are often rewarded for our untiring efforts with nothing but empty pockets. To help soothe the disappointment and conquer the frustration of a tokenless outing (and to help shorten the ride home), I often find myself daydreaming about making the big "find". One particular daydream seems to be recurring more often these days. Maybe it's because I've been locating fewer and fewer tokens, which results in more and more lonely rides home.

This favorite fantasy begins like any other token-hunting trip; I'm driving through the countryside on an unfamiliar two-lane blacktop, hoping to find a few tokens in a small town some distance away. About halfway through the trip I spy a small, handpainted sign advertising "ANTIQUES FOR SALE". I always have my eyes peeled for such signs, but because this one is so small and unobtrusive, I am already past it when it registers on me to stop. I turn the car around at the next crossroads and come back to the small farmhouse. As I get out of the car, my hopes of finding tokens are not high; the sign which caught my attention was hastily hand-painted several years ago, as evidenced by the uneven letters and peeling paint. The farmhouse itself doesn't look much better. But my hopes are slightly raised as I see an "OPEN" sign in the window of the front door.

I knock on the door, which is promptly answered by a smiling, middle-aged woman. We exchange hellos while she leads me into the front room, fully arranged with a host of antiques and collectibles for sale. The variety of her items belies the small size of her scruffy sign outside. I note many higher-priced antiques among the smaller-sized collectibles. I assume she must by some type of dealer to have as varied an inventory as this.

I ask her about how she has acquired certain items, while continuing to scan every table and display stand for tokens. She answers that she buys most of her things at auctions, but also has some leftover items from her grandfather's estate.

After exhausting my search of her showroom, I ask her the standard questions about trade tokens. She looks at me funnily while I describe them to her, but halfway through my description a look of recognition comes to her face.

She leads me through the living area of her house, as she tells me she thinks she has what I'm looking for. Towards the back of the large farmhouse, we come to a storage room full of old bric-a-brac, broken antiques, and other items in need of cleaning or repair. Bending over, she lifts the top off of an old, banged-up milk can, and then reaching inside, she pulls out a handful of what has to be trade tokens.

My heart immediately skips several beats, my legs become rubbery, and my brain cannot believe what my eyes are seeing. A whole handful of the little jewels! I try to control my astonishment as I move around the woman to get a better look at the tokens. I barely hear her tell me that these tokens were accumulated by her late grandfather.

As I reach inside the milk can myself, I realize that the entire 10-gallon can is full of tokens. And when I pull out a handful to examine them, I can see that there is a wide assortment of different tokens. My ears vaguely hear the woman continue talking about her grandfather; how he would tell her stories about his younger days as a travelling salesman, staying gone weeks at a time, travelling by rail over the Rocky Mountains, visiting San Francisco right after the Great Earthquake......

My silent amazement continues as I carefully examine another handful of tokens. I see several good Southeastern lumber tokens, a couple of sutler tokens from Civil War days, a post trader token from an early Western fort, some old streetcar and stagecoach tokens, a few territorial tokens, a pair of Texas saloon tokens, and a lot of early 20th century trade tokens. I note a relative absence of more modern coal scrip and cotton mill tokens, although I do see some nice earlier pieces. And this is just a single handful; my mind races with the thought of what other jewels await to be found in the milk can.

I regain my composure enough to be able to listen again to what the woman is saying. She continues to ramble on about her grandfather. Apparently he was a wood stove and cooking utensil salesman, who travelled throughout the country for some 30 to 40 years, wholesaling stoves, pots, and pans to the local general stores. He would ask everyone he spoke to about tokens and would pick up as many as he could find. She relates that he sometimes talked about the tokens, but didn't put any special value on them, keeping them all in this old milk can.

Just when I am about to get up enough nerve to ask her if they are for sale, she says that she is about to throw them away because she has a buyer for the milk can but can't find anyone who is interested the tokens. She goes on and says that if I will take them all off her hands, she would let me have them for twenty dollars.

When I recover from my second heart attack of the day, I somehow remove a twenty dollar bill from my wallet and inquire about something in which to transport them home. The woman rummages around in the room for a while until she comes up with a couple of cardboard boxes. I hurriedly empty the precious contents of the milk can into the boxes and lug them outside to the car. I quickly thank her and leave before she has a chance to change her mind. On the trip home , I don't even worry about getting a speeding ticket; my mind is riveted on the thousands of tokens in the back seat.

Well, we all know that this story is too good to be true. Probably no one is America has such an accumulation of high quality tokens accompanied by total ignorance of their true value. But, if such a daydream were to actually happen, some of you may question the ethics of my "stealing" such a collection for a mere twenty dollars. The accumulation in my daydream could conceivably be worth fifty or a hundred thousand dollars, or even more. Certainly, some would say, it was unethical, if not actually criminal, for me to pay only twenty dollars for such a choice collection. Undoubtedly, some would say, I took advantage of the woman's ignorance of the value of her tokens. But, I would counter by saying that she placed the price on the items involved; I certainly did not ramrod her into accepting such a low amount. And is it not a dealer's responsibility to know his own merchandise, and to accept the consequences of making errors in valuation? It is certainly not the buyer's job to tell the dealer if he (or she) has underpriced an item. It is simply the buyer's good fortune when he is able to identify and purchase such items.

This same scenario occurs every weekend (albeit on a much smaller scale) at various flea markets and coin shows across the nation. It's called cherry-picking, and there probably isn't a coin dealer in the whole country who doesn't have his inventory cherry-picked on a regular basis; whether it's for doubled dies, overdates, die varieties, rare dates, or trade tokens. There is nothing ethically wrong about this. Even though dealers are expected to know their merchandise, they cannot ever hope to become experts on all aspects of numismatics. Some dealers expect, if not actually encourage, cherry-picking; all they want to do is make a decent profit on each item they sell. If they can sell a token for three dollars, which cost them only fifty cents, the 500% profit will satisfy them. They will probably suspect that the three-dollar token is worth more, maybe a couple of bucks more, but that's okay with them. The token collector who buys that three-dollar token certainly isn't obligated to tell the dealer that it is actually worth fifty dollars. In this instance, what the dealer doesn't know, won't hurt him.

Of course, there are some dealers that cannot stand to be cherry-picked. These are the ones that won't price their tokens, but will ask for an offer. When an offer is made in good faith, these dealers will automatically double or triple the offer to come up with an unrealistic asking price. They are so paranoid that someone will get an edge on them, that they treat the potential cherry-picker as an adversary who is trying to rip them off. They may not actually view cherry-picking as unethical, but they don't want it to happen to them.

On the other hand, cherry-picking is entirely different from trying to pull the wool over the eyes of a next door neighbor or a fellow token collector. It would surely be unethical if I were to take advantage of a neighbor who was simply seeking knowledge about the token that was issued by his great uncle. As a collector, speaking to a person who is neither a dealer nor a collector, I should be ethically obligated to explain to him the full value of his token. In this instance, what he doesn't know, will hurt him. My neighbor is not a dealer, and should not be expected to "know his merchandise." Then, after understanding the true worth of his token, if my neighbor wants to give it or sell it to me -- fine.

The same should be true when dealing with other token collectors. As a cataloger, I am often asked about values and rarity ratings of certain South Carolina tokens. I have always answered these queries from other collectors to the best of my knowledge and without bias. This is the least I can do for my fellow token collectors, who have taken the trouble to write or call for information.

I hope no one is offended by my opinions on the ethics involved in token collecting. These views are simply the thoughts of one collector and everyone is free to agree or disagree with me. I by no means have a monopoly on equity and fairness and I have not been appointed to be an authority on such. I'm sure that other collectors can add significant points to the above discussion or offer legitimate differences of opinion. In fact, I invite comments and criticism.

The End.

P.S. Dear Bill; Thanks for printing the small note on my need for business directories in last month's issue. I would, however, like to clear up a couple of typo errors. I am seeking originals or photocopies of S.C. directories between 1893 and 1914. I have several directories before 1893 and many after 1914, but nothing in between. Thanks, Tony Chibbaro

Dear fellow ATCO member,

The purpose of this letter is to tell you a little about the Token and Medal Society and to extend an invitation for you to become a member of this organization. Founded in 1960, TAMS is a non-profit organization. Among its stated purposes are the following: to promote the study of tokens and medals and to encourage the development of research and articles; to promote meetings and conventions; to cultivate fraternal collector relations; to permanently record historical information relating to tokens and medals by publishing original works by members, and by reprinting old works not readily available to present day collectors.

Benefits of TAMS membership are many. The TAMS Journal, published six times a year, includes interesting and educational articles on a wide range of subjects. Members may place a free 25 word "Marketplace" ad in each issue, and commercial advertising is also included. The TAMS library has hundreds of publications, and members may borrow from it by mail at no charge except postage.

Over the years TAMS has published many token and medal catalogs, including the state catalogs of Alaska, Arkansas, California, and Iowa. Members are offered these books at discount prices. The three volumes cataloging the tokens of Texas were published as Journal supplements and sent to members at no charge!

TAMS annual dues are only $10.00. If you are interested in membership, I would be pleased to sponsor you. Just send me a post card and I'll mail you an application blank and additional information.

On behalf of TAMS, I would like to thank Bill Clapper for generously providing the space for this letter.

SELLING OUT !!

PERSONAL COLLECTIONS

Lewis L Eanew
P. O. Box 23
Port Townsend, Wash. 98368

I have been inactive for the past year. Now due to the increasing eye sight problems I have made the decision to sell out my collections to help other collectors, rather than store them away, or donating to a museum where they would never become available.

Currently I have listed & ready for sale only a small portion of my personal collections — The following STATES: complete & intact — includes all "saloons" — pictorial — unlisted "towns" etc. etc.

TEXAS — ARIZONA — NEW MEXICO - COLORADO - NEVADA, Some of you have already received these lists. (On the strength of telephone bids the above were considered sold — however, the financial end did not materialize, so they are all in my hands intact. One very prominent collector was high bidder on all. A negative experience.)

Full details on the collections for a self addressed & stamped envelope. THANKS! Some are large major collections — CALIF. — ORE. - WASH. - IDAHO — MONTANA - WYOMING: may be offered later once a decision has been made how to list them. ★Many smaller collections here also:

I AM NOW AND HAVE BEEN FOR MANY YEARS CATALOGING THE TRADE TOKENS OF THE STATE OF KANSAS.

I NEED THE HELP OF ALL THE MEMBERS OF "ATCO". THOSE WHO ARE COLLECTING THE STATE ALSO THOSE WHO MAY JUST BE HOLDING SOME THEY WISH TO SELL OR TRADE.

I INTEND TO PUBLISH AS SOON AS IT IS POSSIBLE FOR ME TO HEAR FROM ALL OF YOU WHO WISH TO CONTRIBUTE.

MANY OF YOU WILL RECALL MY CATALOG LISTINGS OF 1970 SOME OF YOU HAVE COPIES WHICH I AM SURE THAT YOU HAVE FOUND THEM TO BE VERY HELPFUL..

IT IS NOW POSSIBLE THAT THE QUANITY OF KNOWN TOKENS WILL BE THREE TIMES AS MANY AS THOSE LISTED 68-69-70 IF ALL OF YOU NOW HOLDING "KANSAS" MERCHANT TRADE TOKENS WILL SEND ME A LIST BY TOWN,MERCHANT & THE DENOMINATION,WHAT METAL OR MATERIAL IT IS MADE OF THEN IF POSSIBLE THE MM MEASUREMENT HOWEVER IF I WRITE YOU BACK FOR AN IMPRESSION OR RUBBING THE SIZE CAN BE DETERMINED FROM IT.

ANOTHER PROJECT"KANSAS" COLLECTORS ARE HELPING WITH IS THE "TOWN RARIETY LIST" WHICH I INTEND TO PUBLISH. SOME OF YOU HAVE ALREADY SENT ME YOUR LISTS AND I WILL MAKE UP THE NECESSARY INFORMATION FROM THOSE TO DETERMINE THE "TOWN RARIETY".

POSSIBLY THE LEAST AMOUNT OF WORK ON YOUR PART WILL BE TO JUST MAKE A LIST OF THOSE YOU HAVE AND SEND IT TO ME SO YOURS CAN BE INCLUDED IN THE PRINTED LIST.

I WILL HOWEVER BE HAPPY TO MAIL A CHECK SHEET TO COLLECTORS WHO MAY OBTAIN "ONLY ONE" FROM EACH TOWN OR ONE FROM EACH MERCHANT OF EACH TOWN IF YOU PREFER TO LIST THEM THAT WAY.

THIS IS TO BE YOUR CATALOG AND TOWN RARIETY LIST TO HELP YOU IN YOUR COLLECTING SO LET ME HEAR FROM YOU ANY SUGGESTIONS OR IDEAS WHICH WILL BE APPRECIATED.

A GROUP OF "KANSAS" COLLECTORS MET RECENTILY AT A SHOW IN WICHITA TO TRY AN ORGANIZE A KANSAS CLUB. THEY ARE ALL HELPING AND IF ANY OF YOU WISH TO JOIN ADVISE US.WE WILL SEND A MEMBERSHIP APPLICATION.

WE DISAGREE

Mail order deception and "fast buck artists" have infiltrated the hobby prompting strong concern. So much so that many collectors have had their perspectives clouded and now lump all hobby publications into that "soiled" category.

Well, we disagree! Because, at NUMISMATIC NEWS, we take special pains to protect the interests of our valued subscribers.

And, we do it constantly.

To begin with, not just anyone can utilize our pages. NUMISMATIC NEWS advertisers must pass a strict screening policy. And, to continually affirm advertiser integrity, we spend thousands of dollars annually conducting an ongoing "blind testing" program, and recognize solid advertising practices with our own seal of approval. It's the Krause Publications "Customer Service Award," a symbol respected industry-wide.

Others may talk a good game, but at NUMISMATIC NEWS it's a solid policy of action that keeps us standing out above the rest. That's why we disagree with those who condemn all numismatic advertising. You can rely on NUMISMATIC NEWS to provide a favorable climate for both buyer and seller. One that fosters a fair exchange — every time you do business through our pages.

YOUR AD COULD APPEAR HERE FOR
ONE FULL YEAR FOR JUST $25.00

WHAT WILL MAKE OUR HOBBY SUCCESSFUL AND WHAT WHAT WILL HURT IT FOR EVERYONE???

WORKING TO GET NEW MEMBERS WHO WILL IN TURN FIND TOKENS THAT WE WOULD NOT BE ABLE TO FIND BECAUSE OF THE SOURCES THEY MAY HAVE.

MAKING MORE TRADE LISTS AVALAABLE FOR THOSE WHO DO NOT HAVE THE TIME TO HUNT TOKENS. I FIND THAT ONE CAN BECOME DISCOURAGED IN A NEW HOBBY IF THEY FAIL TO ADD TO WHAT THEY ARE COLLECTING. WITH DISCOURAGEMENT COMES DROP-OUTS.

FAILING TO HAVE AREA MEETINGS WHERE THERE IS A CONCENTRATION OF MEMBERS. SUCH MEETINGS CAN ENCOURAGE THE NEW COLLECTOR, ESPECIALLY.

I DO NOT KNOW HOW MANY FEEL THE WAY THAT I DO, BUT TRADING IS ABOUT AS MUCH FUN AS COLLECTING. HOW MUCH TRADING DO YOU DO??

THERE ARE PROBABLY OTHER THINGS THAT I'VE MISSED THAT SOME OF YOU COLLECTORS COULD ADD TO.

TO: LLOYD WAGAMAN

I have read your article with interest. While you cover most points I thought some other important ones need to be brought to light.

I would accept or expect a buyer's fee under normal auction circumstances such as Sotheby's, Christie's, etc., where the auction house runs an auction business and is supported by the consignors.

ATCO, however, is not an auction house, nor are the collectors. Each sale is supplied by the owner or his representative. ATCO is a forum for collectors. ATCO and the collectors, shops, businesses are not, for the most part, auctioneers. This hobby uses ATCO as a common forum.

I agree that all profits (and losses) should be expected in the bid or sale price. There is no place for a buyer's premium in the ATCO market place at this time.

Sincerely, Fred N. Holabird, President, Columbus Industries, Inc.

Editor's Notes:

Summer is upon us and the issues grow smaller with the summer months. It certainly give me a little easier job for the summer.

Every time that we get someone new who advertises in ATCO I receive the same call every month. Everyone else has their ATCO and I have not gotten mine. I'm getting bids on my auction. Please send me another issue.

Please consider that there are about 70 members who get their ATCO by first class mail. Naturally they receive their ATCO before the other members and of course they get their bids in right away.

I heard from Binky and he is still in jail down in Mexico. They won't let him write anything but he did manage to sneak out a note to me. He said that he would be back in about two more months. He'll never learn.

Dear Bill,

I read, with much interest, Tony Chibbaro's fantasy about stumbling onto a windfall of hundreds of tokens. It was entertaining. But on a serious note, it did raise an important point about buying, selling, and trading of tokens. In token collecting, as with everything else, there is always the person who is out to take care of himself first, at all costs. This person doesn't know about morality and ethics. Stay clear of him.

How does this relate to token collecting? Its a matter of viewpoint. A collector goes out hunting for tokens for his collection, trading stock, selling whatever. Is he morally obligated to alert the offerer as to the true market value of a token being offered? If the offerer is a dealer, he knows its value and should price it accordingly. Actually, however, what is the intrinsic value of any token? What is the value of a couple of grams of aluminum or brass? Assume a token has a market value (amount someone, somewhere is willing to pay for it) of $10 and a dealer having bought it for $1, offers to sell it for $2, doubling his money, but still pricing it way below its market value because he doesn't know its true market value. Is the buyer morally bound to tell the dealer that he, the seller, could sell it for $5 rather than $1, thus quadrupling his markup, while the buyer is still paying only half the market value? What right does the seller have to share in the knowledge that the buyer has?

Many years ago, while attending an antiques show I came across a dealer who had several tokens, in 2 x 2 holders, in her showcase. The tokens were maverick dairy tokens, but the woman could attribute them. There were two varieties (pint and quart). She had a price of 50¢ each on them, so I bought the few she had in the case. She attributed them to a dairy which was located in East Cleveland, Ohio and no longer in business. She told me that she knew where they came from because she had bought most of the antiques located at the dairy, and included was a coffee can full of these tokens (both varities, mixed). She thought she could get 50¢ each for them. I then volunteered the information that collectors would gladly pay $1 each for those tokens, and I even gave her TAMS' address and suggested she advertise them. She thanked me and put out a few more in the case, but now priced $1 each. I left her booth, but before leaving for home I decided to buy a couple more of each one, for trading. I went back to her booth and told her I wanted to buy 2 more of each, expecting to get them for 50¢ each. But surprise, surprise! She told me they now cost $1 each. I reminded her that she had had 50¢ each on them until I suggested she sell them for $1 each. But that cut no ice with her. I did not buy any more, just on principle. I saw her many times at subsequent antiques shows, and she told me she sold many of the tokens at $1 each. That incident occurred while I was still learning, and it taught me a lesson. Never volunteer information at an antiques show or flea market. Nowadays, I ask the dealer what he is asking for the tokens and either buy them at his price, or if he is high I will make him a reasonable offer.

A word about "cherry picking". At an antiques show one time, a dealer had some tokens loose in a case, priced at 50c each He also had a boxfull (about 600) of similar tokens, but unpriced. I asked him what he would take for the tokens in the box if I bought 100 of them. He said "$10, take what you want" So I picked out 200, and gave him $20. Next month he was there at the antiques show again, with the same box of tokens. I told him I would take 200 more at the same price as the previous month He said "Sure go ahead". So I selected 200 more out of the box. The following month I decided that if he was there again I would offer to take the remaining tokens in the box, at the same price as before, since he had let me take the better ones before and was left with tokens worth less because of condition This time the dealer said he would have to get 25c each for them, and I walked away. When I passed his booth again about a half hour later he button-holed me and said "If you want those tokens you can have them for 10c each". But I told him I had spent my allowance for the show and walked away. The tokens were worth only 10c each, so I got the better ones at their true value, and because of his greed he still had the "dregs". After this experience I decided that thereafter I would ask for the price for the entire lot at the start, with no picking. When I get such a lot and take it home I then look to see what I have and decide what to do with them. In the process, if I find that I have bought a token for say 10c, and subsequently catalog it and find it has a catalog value of say $10, I find no problem with my conscience in selling it for $10. My cataloging time is worth it

This is a good subject for a dialog Lets hear some other views from other collectors.

Best regards.

Sam

DEAR BILL:

IT IS WITH MUCH REGRET THAT I'M WRITING TO TELL YOU OF THE DEATH OF DALE NOLL, THE WHETSTONE COLLECTOR FROM SUNNYVALE, CALIFORNIA. HE PASSED AWAY ON MAY 13TH AT THE AGE OF 63. DALE WAS A GREAT COLLECTOR AND A FINE GENTLEMAN. HE HAD MANY FRIENDS IN ATCO AND OTHER GROUPS.

SINCERELY, JOE BIDWELL

(Editor's note: That was a shock. I started trading off and on with Dale some 20 years ago and he was always fair and honest in his dealings!!!)

IN MEMORIUM By Bob Campbell

A good friend of numismatics here in Utah passed away a couple of weeks ago. Dr. James Hansen (whom many of us knew as Jim in the club) was a kind of closet collector in a sense, because he didn't openly flaunt his knowledge or expertise in several areas of U.S. and world coins. The fantastic collections that he acquired over the years were—as far as Utah collections, second to none. He was a "true blue" collector because he took in all the factors when he purchased coins. For example, condition, rarity, color, etc. He always had something positive to say about every kind of collector and was always willing to listen to some new information or knowledge from that person. He had many collections, like crown size coins of the world, Great Britain, U.S. Silver Dollars, Halves, quarters. Franklin halves were a specialty of his because he thought they were a true sleeper in high grades and that in twenty years or so will be like all Walking Liberty Halves are now. In the past few years he started collecting UTAH TRADE TOKENS and often said the stimulating feelings of cmpetitiveness was greater there than anything he had yet experienced and he enjoyed it immensely. He had acquired one of the finest Utah trade token collections known in just a few years of searching. He and his wife, Pat, always supported the local and National Clubs by attending, exhibiting and lecturing at the trade shows and club meetings. His loss will be felt by many of us not just as a trusted friend, but as a giant of a numismatist. We wish he could have been with us longer to share his insight of collecting exonumia. Our sincere condolences go out to Pat and his family.

We Grade Advertisers

For a coin to rate an MS-65 designation, it must satisfy a certain set of standards. It has to be of superior quality Or it simply won't make the grade

At NUMISMATIC NEWS, the same holds true for advertisers Over the years we've set our own standards Standards to grade an advertiser To make sure they deliver what they promise To protect and serve the interests of our valued subscribers

We spend thousands of dollars annually, in an extensive "blind testing" program, continually affirming the integrity of our advertisers Those that score high are recognized as the "best in the business," and receive our seal of approval — the Krause Publications' Customer Service Award

Like an exceptional coin, our advertisers represent the highest quality in the industry Which means you can rely on NUMISMATIC NEWS to provide an atmosphere of trust for both buyer and seller, and take the worry out of mail order transactions

Mail Bid Sale/Trade List

(Closes July 25) *3 pages*

Usual ATCO rules, except trades have priority (see note) and I reserve the right to reject any bids.

NOTE: Trading activity has been almost nonexistant in recent lists. Although I collect only Kentucky exonumia, I'm somewhat of a dealer in all else. So, will now consider all trade offers of out-of-State material as well (tokens,medals,fobs,advertising mirrors, coal and lumber scrip,early World's Fair misc.,dog license tags...whatever). Please be specific as to your trade offer; rubbings or photocopies preferred. Enter a cash bid as well, or a combination of both. This allows yourself two opportunities at whatever is of interest. All trade offers are responded to at close of Sale, accepted or not.

Maverick Sam Sez:

THE MAVERICK JOURNAL, a quarterly publication devoted to maverick tokens, is now a reality. Volume 1, Number 1 was issued in May; Volume 1, Number 2 will be issued in August. The response to my offer to send a copy of the Dedication Issue in return for postage has been encouraging. The follow-up response, in the form of subscriptions, has been equally encouraging - enough to assure the first year's publication. Anyone who has not received a copy of the Dedication Issue can still get a copy in return for a 22c postage stamp. Anyone who would like to see what the first issue is like before commiting to a year's subscription, can obtain a copy by sending me a check for $3.00. If you decide to subscribe, the $3 will be applied towards the year's subscription price of $15.00. All subscriptions, at present, will start with Volume 1, Number 1, unless requested otherwise, and will receive a coupon good for a free 1/8-page advertisement.

Ruggeri's Index to TAMS-listed Maverick Tokens is still available. Anyone researching mavericks would do well to draw on the wealth of information which has been collected since the Mavericks Column was started back in 1965. Volume I of the Index tells you which mavericks have been listed and which ones have been attributed. Volume II reproduces all the complete listings from the TAMS JOURNAL, so that it is not necessary to refer back to the individual issues of the TAMS JOURNAL. Production of Volume II was authorised at the 1981 TAMS Board Meeting. Reference to the authorisation is found in the minutes of that meeting (see page 144 of the October, 1981 issue of the TAMS JOURNAL - Volume 21, Number 5). Copies of the Index are priced at $35.00 for both volumes when ordered together as a set. Price includes postage and insurance. The 1988 Supplement, covering listings from the April, 1986 through the December, 1987 issues of the TAMS JOURNAL, will be available in April, 1988. Further details at a later date.

TRIAL LISTING OF ENCASED CENTS ...	7	BRUCE W. SMITH

EDITOR'S NOTES:

THIS WAS ONE TOUGH ISSUE TO PUT TOGETHER BECAUSE OF ALL THE HALF PAGE ADS. SOME TIMES THINGS JUST FIT TOGETHER AND IT TAKES A LOT OF MOVING AROUND TO GET EVERYTHING AS IT SHOULD BE.

WANT TO THANK YOU COLLECTORS WHO SENT ME THE NICE CENTENNIALS FOR MY COLLECTION. THAT IS ABOUT MY MAIN JOY, WHEN I GET A COUPLE NICE ADDITIONS TO MY COLLECTION. IT MAKES UP FOR NOT BEING ABLE TO GO TOKEN HUNTING ANYMORE.

WITH THE ATCO SHOW COMING UP EVERYONE IS GETTING READY. I'VE GOTTEN LETTERS FROM ALL OVER THE COUNTRY, INCLUDING ALASKA AND CANADA, SAYING THEY ARE COMING TO THE SHOW. IT SHOULD BE OUR BIGGEST FROM THE LOOKS OF THINGS.

WILL SEE YOU THERE, LORD WILLING!

Dear Bill: I know that ATCO should not tell those who advertise how to list their items, but I'm finding at least one or two people who seem to put their material in such a sequence that it almost defies a ready scan for states - towns, etc. that one might seek to spot.

To illustrate, In June issue, the ads on pp. 42 & 43, &56 are more difficult in listing than they need to be. That's because town/state are last and thus not in "stacked" column alignment to facilitate one's easy search (Maybe that's the goal - - to get us to read each listing thoroughly??). An even easier comparison is on Page 54 (June issue). Notice how easy it is to grasp whats up for bid. Can't we get listings that are by state and town??

May the great god of tokens, if such there be, bless doubly those writers of advertisements or listers of trade tokens who regularly put the State/Town/issuer in at the start of each listing and who do them in alphabetical order. No doubt it takes a bit more pre-arrangement to set them in order before making up the list but do think of the reader or collector in the haste that afflicts each of us all to often.

And, last, glad to see Binky's been heard from. I'd suspect he was in a VA hospital someplace with a compound hernia from heisting man-hole covers to build up a swap stock!

Dana Roberts

Trial Listing of Encased Coins Made by Earl Fankhauser of Ft. Wayne, Indiana

by Bruce W Smith

The encased pennies made by Earl Fankhauser of Fort Wayne, Indiana are well known to collectors. All of his pieces consist of a 32mm aluminum ring around a Lincoln cent. The reverse has the inscription: KEEP ME AND NEVER GO BROKE on a horseshoe with a four leaf clover below. The clover comes in two major varieties -- large or small. On the 1956 and 1957 pieces, the clover is large but of a different shape than the earlier and later pieces.

Based on the date of the coin, the earliest pieces that actually carry Fankhauser's name as the maker, were made in 1956. However, there are some earlier pieces dated 1948, 1952, 1953 and 1954 that are believed to have been made by Fankhauser though they carry no maker's name. The latest pieces known are dated 1964.

Many of the pieces made by Fankhauser, especially the early ones, are for merchants and other people in Ft Wayne. Because Fankhauser was a coin collector, it is not surprising that many of his pieces were made for coin collectors, coin dealers, and coin clubs.

The list below records the obverse inscriptions exactly as they appear on the encasement. The columns to the far right give the date of the coin and whether the clover is large or small. Only one issue is known without a clover -- Kenny Cook 1957

I WILL BE BRINGING WITH ME LOADS OF STUFF FROM THE FORD KNIGHT ESTATE. EVERYTHING FROM CIVIL WAR TO SO-CALLED DOLLARS, ADVERTISING PIECES, YOU NAME IT.

Dear Bill,

As promised last March, here is an updated version of the Companies that are known to have issued tokens with their advertising on the reverse.

The list has been expanded to include companies other than "Billiard Companies". Included are Canning Machinery Suppliers, Mnf'rs of saloon fixtures, and even bagatelle tables.

The process of researching is a cumulative one. Knowledge of these companies is increased by successive additions.

As mentioned last March --- there is no reason to believe that any of these companies struck tokens. Instead, they probably subcontracted the work out to die sinkers and token manufacturers in many different cities.

Dates in parenthesis () are probable dates of issue. This is not necessarily the dates that the company was in business. The Charles Pick Co may have been in business until about 1915, but they probably discontinued supplying tokens prior to 1895.

This time I have also added a "rarity guide" of sorts. This applies to the relative availability of the different companies.

I would like to thank the Chicago Historical Society, and the Wisconsin Historical Society for their help. Also, some "new" companies were added to the list from reading thru Russ Rulau's recent 1889-1900 book on tokens.

Dear Bill:

Don't pay the ransom - I escaped. Lots of things have happened to me since I last wrote you. From pillory to trustee to over the wall and back to the good old U.S.A. I was just down there collecting tokens when they locked me up. When they caught me, I had reams of notes for my future book on Mexico, South & Central America. The authorities received them, thinking they were not important, they were shredded.

The only token I picked up down there was a [illegible] point piece that looked like a spur rowel. It had "JV" stamped on it and I was told it stood for Juan Valdez and was good for "one load of coffee beans" (or whatever he packs off of that mountain on his mules). I didn't really believe them because you can't trust everyone down there like you can in the U.S.A

I sure enjoyed Sam's article. I'll tell you, the day that coyote catches that road runner that's the day I will tell a flea market dealer what his tokens are worth. What's so amazing is a flea market dealer can have ten different tokens yet come up with ten different stories for them. This does not apply to all FM dealers because I know some that are as honest as the day is long. Also, the honest ones do not try to get you to price their wares for them.

Bill, I want you to know that you are doing a "super" job with ATCO. Keep up the good work and I want you to know that there are tons of folks out here that appreciate you.

Regards,

Binky

P.S. I met a guy in a border town in Mexico that collects "House" tokens. I don't think it is the same type of house tokens you collect, so I didn't mention your name. Sorry.

(EDITOR'S NOTE: SURE GLAD YOU ARE BACK BINKY. EVERYONE HAS BEEN ASKING ABOUT YOU)

PROBLEMS WITH TUCSON, ARIZONA POST OFFICE??? by Alan Weinberg

ATCO members, such as Ted Tibbets, V.F. Yates and others report that insured tokens mailed to a former ATCO member of Tucson have reportedly not reached their destination.

Apparently lax Tucson Post Office controls are at fault. There is no way to determine the specific caused of the "loss". ATCO members should be forewarned.

The latest loss is a MIDWAY SALOON, SAM ABRAHAM DRINK TOKEN, with view of Saloon interior detailed on obverse, Rd. Alum. 24mm - 1 or 2 known. ATCO members should be on the lookout for this token.

SOME INSIGHTS ON CURTO R347 By Jim Shipley

Until Sunday (5-24-87) I've wondered many times just what the R.S.B.on this 6 2/3 denomination token stands for. While in a local flea market searching for tokens and military collectables I acquired a small blue covered hard back book entitles, "The Saga Of the 708". The 708th turned out to be the 708th RAILWAY GRAND DIVISION of the U.S. Army Transportation Corps which supervised the operation of the Military Railroads in Europe during the WWII and the early occupation era.

In the Military Railroad Service there were railway operation battalions and railway shop battalions. Under the list of Railway Shop Battalions assigned was the 766th which was based at Frankfort (Kneid) Germany.

I would, based on the above,attribute Curto R347 to the 1945-46 period at Frankfort, Germany where something was valued at three for twenty. There was a 20 Mark occupation note for Germany which was phased out in 1946 when Military payment certificates came in. This also indicates the value 6 2/3 was in marks, not cents.

This little token which I've often questioned, now appears in a much more significaant light to me.

ONLY WAY

Come With Us

Remember when collecting coins was a satisfying hobby! Remember when you could answer an ad and get what you paid for? Remember when the thrill of discovery and the exhilaration of learning made numismatics so worthwhile?

It's still that way in NUMISMATIC NEWS.

Oh, we keep in touch with the reality of today's marketplace. NUMISMATIC NEWS Coin Market rivals the most sophisticated newsletters — at less than half the price.

But we have never lost our enthusiasm for the hobby and it shows on every page, from Burnett Anderson's reports from Washington to Alan Herbert's Coin Clinic. If you've found your enthusiasm for the hobby flagging, if you've failed to get fair treatment elsewhere, if you think the hobby is on a treadmill to nowhere. Come with us. At NUMISMATIC NEWS we believe the best is yet to come.

ALASKANA WANTED

While pre-statehood tokens have been my main collecting interest for many years, I am also interested in just about anything pertaining to the Alaska-Yukon-Pacific Exposition held in Seattle in 1909.

I have very little trading material other than Alaskan.

ATCO '87 - OMAHA, GEORGE HOSEK'S (AND OUR) TRIUMPH		By Alan V. Weinberg
ATCO MAVERICKS	4	DICK WORTHINGTON
A CHEAPER OR NEW SOURCE OF TOKENS	6	DANIEL MANASSERIAN

THIS IS ONE OF THE SMALLEST ISSUES I'VE SEEN IN SOME TIME. TWO THINGS MAY HAVE CAUSED IT - 1. Being that the 20th fell on a week end we went to the printers at 8AM, the 18th. 2. Everyone traded or bought themselves out at the ATCO show in Omaha.

AND TALKING ABOUT THE SHOW IN OMAHA I CAN ONLY SAY THAT IT WAS SUPER AND I WOULD BE HARD BENT TO OUTDO WHAT ALAN WEINBERG WROTE ON PAGE 1.

IF ATCO HAD A REWARD OF THE YEAR IT WOULD HAVE TO GO TO GEORGE HOSEK FOR HIS HARD WORK AND GREAT EFFORT IN PUTTING ON ONE OF THE BEST ATCO SHOWS THAT I'VE BEEN TO.

IT WAS SUCH A SUCCESS THAT [illegible] ALREADY [illegible] FOR NEXT YEAR FOR OMAHA, AGAIN.

I HAVE RECEIVED DOZENS OF LETTERS [illegible]. I DON'T THINK THAT I COULD SAY ENOUGH EXCEPT THANKS TO GEORGE AND [illegible] WHO [illegible] TO HELP WHERE HELP WAS NEEDED.

SO, IF YOU [illegible], I [illegible] THAT YOU MISSED THE BEST AND I HOPE THAT YOU WILL BE AT THE NEXT ONE.

HAPPY COLLECTING,

Your Editor.

ATCO '87 -OMAHA, George Hosek's (And Our) Triumph

by

Alan V. Weinberg

In my over 30 years of avid collecting and attending coin and exonumia shows coast to coast, I don't believe I've ever attended a more vital, energetic, thoroughly enthusiastic gathering of collectors than at the just concluded Omaha ATCO '87.

Host George Hosek started organizing very shortly after last year's Salt Lake City ATCO and the preparation, enthusiasm and publicity showed. The bourse was sold out at 52 tables with a waiting list to boot. The facilities - hotel choice and rates, bourse room carpeting and lighting were excellent. "Door prizes" were abundant and high quality - valuable token references.

Pre-show publicity and super word-of-mouth resulted in an overwhelming attendance of ATCO mem bers to Omaha. Far surpassing previous successful ATCO shows in Denver, St. Louis and Salt Lake City. From New York to Florida, Texas to Utah, California to Washington to Michigan the collectors came. With pockets full of money, boxes and books full of traders and items for sale and an upbeat attitude that one recalls existed in coin collecting a couple of decades ago.

Some of the highlights that changed hands include a Logan Utah Saloon 12½¢ trade pocket mirror, a Townsend Post Trader Fort Sully D.T. token, 2 Colorado Lesher dollars, an unlisted Phoenix A.T. token. On a lower level, a Hinsdale Mont saloon, a Dayton Wyo saloon, an Iowa chamber pot encased cent, an old incused Mackinaw Mich good for, an unlisted Norma La good for, etc. And a large selection of tokens from the Ford Knight estate ably offered by Bill Clapper and thoroughly devoured by hungry collectors.

Utah's Harry Campbell unveiled his magnum opus "Tokens of Utah", a massive 632 page high quality masterpiece of history, thousands of clear token pictures, rarity ratings and prices. At $59.95 it is truly worth it. Alot for a token reference? Not for this.

One sad note. Colorado's Merlin Bondhus lost an estimated $10-15,000. in tokens left briefly unsupervised in his hotel room prior to bourse set-up time. Merlin's a gem of a person and a dyed-in-the-wool collector. We all felt great sympathy for him - particularly since many of us felt "but for the grace of God go I." It could have happened to any of us. The most recognizable item taken was a Marlin Texas good for trade pocket mirror with some celluloid damage. All of us should be on the lookout for this mirror. Sooner or later, Merlin's material will be offered to an antique or flea market or coin dealer and thus will be released into collecting circulation.

I guess the most revealing thing about the whole show was the fact that George Hosek will host 1988's ATCO again in Omaha. George, who suffered some health problems during the preparation of this show, had initially declined to host the 1988 show. But when 100% of the 1987 bourse signed contracts with deposits for 1988's ATCO bourse, instantly creating a waiting list for tables, George was swayed by the outpouring of support. Bravo!

See ya' next year in Omaha!

Alan

A cheaper or new source of tokens by---------- Daniel Manasselian

For those of you who do not have the money or the inclination to pay the prices requested these days for tokens may wish to take up the hobby of metal detecting. In most cases brass tokens fourd in the ground usually clean up well by using naval jelly. Aluminum tokens can also be cleaned but there condition depends on what kind of soil they were buried in. A friend of mine uses the technique of asking permision of homeowners. With this technique he has found a unlisted saloon token, a BBC reverse token & a BBC withcut table token all from one small local town. He is very careful of the removal of the token or coin so that he does not damage the find or the grass. The care taken in removal helps due to the fact that a neighbor watching you may invite you over to thier yard. I favor trying lots in which houses are being or will be removed. I have found tokens before they have removed the houses or long after, due the fact that the lots are frequently plowed to keep down the weeds. I primarily concetrate on older areas of town for obvious reasons. I avoid doing schools or parks since they have been worked extensively, unless major landscaping is being done (ie. removal of top soil). I occasionally ask a homeowners permission and have been able to find some good items. My finds have included three saloon tokens, including one with a BBC reverse. What is amazing to me that I have found tokens from Colorado and eastern Utah in Fresno. The stories they could tell would be interesting. A byproduct which occurs while detecting for tokens various old coins, including some in excelent condition. My best find was a $5.00 U.S. gold coin. This was almost as good as finding a good token but was more impressive to my friends even though a tough token is much rarer. Other interesting items include old chaffeur badges and car registration tags. An interesting find was a liscense plate from Oakland from 1909. The car cost $5.00 to register. I would advise first join a local treasure hunter club & see what model detector the club members prefer. I would do some checking around for prices, they vary in extremes. Another benefit is that you will members who are willing to trade or sell tokens to you. All it takes is time and patience. I'm out in the cold of winter and the heat of summer. I would suggest that you should by a top of the line model so that you save time in digging up targets.

PS Thanks, please xxxcuse my typos above, I have to go out and hunt now.

1. MY PHONE IS MY BUSINESS PHONE. I DEPEND UPON IT FOR A LIVING AND WHEN SOMEONE CALLS DURING THE DAY AND LEAVES LONG MESSAGES ON IT WITH PHONE NUMBERS, ETC. TO CALL BACK IT DISRUPTS MY REGULAR BUSINESS CALLS. YOU CAN CALL ME EVENINGS BETWEEN 6 AND 9PM (MY TIME) AND I'LL GLADLY TALK TO YOU AS MOST OF YOU WHO HAVE CALLED KNOW. I WILL NOT RETURN CALLS LEFT ON MY PHONE DURING THE DAY - PERIOD!!
2. IF YOU PLAN TO MOVE GET YOUR CHANGE OF ADDRESS IN BEFORE WE HAVE MAILED EACH MONTH. I HAD FIVE CHANGES OF ADDRESS AFTER THE SEPTEMBER ISSUE WENT OUT AND THEN I GET CALLS THAT THAT PERSON DID NOT RECEIVE HIS ATCO. EITHER FORWARD YOUR MAIL, ALL OF IT, OR YOU MUST SEND $1.00 FOR FIRST CLASS POSTAGE IF YOU WANT THAT ISSUE.

ALASKANA WANTED

While pre-statehood tokens have been my main collecting interest for many years, I am also interested in just about anything pertaining to the Alaska-Yukon-Pacific Exposition held in Seattle in 1909.

I have very little trading material other than Alaskan.

Please describe and price. Send for price list of more common items.

******I have available a collection of over 300 different BANK TOKENS from all over the Country. Most States are represented, and general condition is excellent. If interested in the collection, write for further details. No list is available, but general inqueries invited.******

...The ATCO Omaha Show was excellent, as expected. Although every other "walk-in" was looking for Nebraska or Iowa trade tokens (what else), there were still a number of newer collectors with varied interests, making for a pleasant mix. I came back with only 3 KY pieces for collection, but managed to buy about 20 pounds of other "stuff". Placing old names with new faces is always interesting...seems most collectors are younger than imagined, which would seem to dictate a very healthy hobby for the future.

Dear Bill:

We pulled this old eighteen wheeler out of Omaha and headed west with many fond memories of a great token show. I will have to drop George a note and compliment him on a job well done. I think everyone had a good time but no-body had more fun than Pig (he's my swomper you know). He has not shut up since we left. Pig overheard John Hamilton III telling a group at dinner that since there is no baseball in Israel, they are active traders of Rabbi cards over there. Come to think of it, Jere Runciman asked me if I had any Rabbi cards for trade. I think everyone was successful; I know the Idaho Judge got so many tokens the latch on his brief case broke. I sure felt bad about what happened to Merlin Rondhus. Seems like something like that happens to the good guys and Merlin is tops. Runciman wanted to form a posse but no one was familiar with Omaha. Steve Tureen and Sam Michael were always smiling. They must have really been pulling in some nice tokens. I have to drop Mayor Ray Mortimeyer a card and thank him. Bill, did you see the little manhole cover that Eugene Schaetzel had. The last time I went by his table, Runciman was trying to trade him out of it.

I'm already looking forward to next years show. It will probably be bigger and better. Did you notice all the younger collectors? I really don't know if they were that young or am I just getting older. You know, the Police on the corner are beginning to look like High School Kids to me.

We got tied up in traffic in Phoenix. The Pope was there and you can't believe the traffic. On our way out, we had stopped at an Ice House and picked up some goodies. We picked up chips, dips, Colorado Kool-Aid and Pig picked up some microwave popcorn. He set the popcorn on the dash. When we got stuck in traffic the truck got so hot the corn started popping. Pig was sleeping all this time and when he woke up, seeing the popcorn, he thought it was snow and almost froze to death before he realized what it was.

I better run now as I have a long way to go before I get home again. I'm still looking for that registered letter from you.

Keep in touch.

Binky

DEAR BILL AUG 28 87

YOU ARE DOING ONE FINE JOB AND I APPLAUD YOU ON YOUR LONG AND HARD TASK. ITS NICE TO HAVE PEOPLE LIKE YOU AROUND THAT STILL DOES A EXCELLENT SERVICE FOR OTHERS, JUST FOR THE PERSONAL SATISFACTION OF DOING A FINE JOB.

(My comments on Mr Ruggeri & Chibbaro's articles. Please print if possible).

I THINK IN THE SAME VAIN AS MR. RUGGERI, AS TO MR. CHIBBARO'S EXCEPTIONAL SYNOPSIS ON PRICING (DEALER OF SORTS). IF THEY HAVE PRICED OR ARE WILLING TO EXCEPT A PRICE OFFERED THEN I THINK A FAIR PROFIT WAS DERIVED.

A GOOD EXAMPLE OF A FAIR MARKET PRICE AND AT THE TIME OF EACH DEAL EACH WAS PLEASED WITH THE OUTCOME.

THERE WAS THIS TRANSPORTATION PIECE FROM A FERRY FOUND IN THE NORTHWEST A NUMBER OF YEARS BACK THAT CHANGED HANDS A LARGE AMOUNT OF TIME IN A VERY FEW MONTHS. I DON'T REMEMBER ALL THE FINE POINTS ABOUT THE PIECE, BUT IT GOES SOMETHING LIKE THIS. IT WAS BOUGHT FOR .25c AT A FLEA MARKET, THE INDIVIDUAL TRADED IT TO A LOCAL COLLECTOR FOR SOMETHING VALUED A $3.00, THAT COLLECTOR SOLD IT THE ANOTHER COLLECTOR UP THE COAST FOR $7.00, THAT COLLECTOR TRADED IT TO A DEALER INLAND FOR $15.00 AND THAT DEALER SOLD IT TO ANOTHER DEALER IN THE NEXT STATE FOR $35.00, IT WAS THEN TRADE AGAIN, AND AGAIN FROM DEALER TO COLLECTOR TO DEALER FOR A LARGER VALUE UNTIL IT HAD REACHED THE EAST COAST AND FOUND A HOME IN A WELL ESTABLISHED FINE COLLECTION. THE PIECE HAD MULTIPLIED BY 500 FOLD BUT EACH PERSON WAS HAPPY TO GET WHAT THEY RECEIVED IN EACH TRANSACTION UNTIL SOME FOUND OUT THE END VALUE. DID THIS CHANGE ANYTHING OR SHOULD IT HAVE IT CHANGED ANYTHING? IT MAY HAVE, BUT I DON'T THINK IT DID.

ENCLOSED IS A READY MADE AD FOR UP COMING ATCO. ALSO A FREE DALLAS SALOON LISTING FOR THAT EVER USE YOU MAY WANT TO USE IT FOR.

My best

Jim

These items and many others were recently acquired by me in competitive bidding against some of the "strongest buyers". In the case of the Utah saloon mirror, my offer exceeded two other strong bids by almost $200. If you have mirrors, saloons, old military, pictorials or old "sexy" mavericks, it'll pay to contact me.

ALASKANA WANTED

While pre-statehood tokens have been my main collecting interest for many years, I am also interested in just about anything pertaining to the Alaska-Yukon-Pacific Exposition held in Seattle in 1909.

I have very little trading material other than Alaskan.

Please describe and price. Send for price list of more common items.

Jack,

Thanks for the letter and trade offers. I reviewed each, and can find nothing of any particular interest for a trade. With all due respect, nearly all of the listed pieces are "ordinary" stock to me, and I probably have most of the pieces in current inventory. As you might guess, I maintain a very large token/medal stock. The trades you offered, except the first, are very fair, value wise, but I simply cannot use at present. This, in addition to the fact that IA tokens frequently bring some very surprising bids in my ATCO Sales, leaves me with a decline of trade offer... should you have other, perhaps more desirable(to me) propositions, let me know. I am looking for good coal or lumber tokens from most States, Saloon tokens of an uncommon nature, better transportation tokens, better Western tokens, better military tokens (WWI or earlier), Southern tokens of an uncommon nature, nice, old encased coins, pre-1900 dog license tags, and other items I have a use for. Should you have another trade offer to propose, it would be a good idea to also enter "cash bids" on lots in question, so as to at least be "in the book".

Regards,

Hi Jerome,

10/29

I am intreged by your statement about trading for tempting items from anywhere!

Jack,

You were high bidder; Nov. ATCO Sale:

#35	$4.50
#41	4.85
#42	4.50
Due	$13.85

Other lots you bid on brought: #36 $5.80 (you mentioned wanting to know how I attributed..actually all I did was list per what the previous owner had on holder...another IA collector says is from West Liberty, IA)

450	#37	$7.50
475	#38	6.00
325	#39	ND

...regarding your trade offers involving transportation tokens. I studied them carefully, and decided to decline...here again, as with the earlier trades offered, I suppose it comes down to there not being enough stimulation there...I guess I get picky when trading for traders, if you will. The only reason I opt to at least consider trading for non-Kentucky tokens is to give a fighting chance to collectors who don't have anything from KY to trade. I do appreciate your offers.

Thanks, Jerry

IT IS RENEWAL TIME!!! Last issue I asked if you would please send your renewals early so that I could spread the work load and have a little vacation. The faithful 5% answered my request.

I've been asked if you can send more than one year at a time. Yes, it makes for less work for you and for me.

DON'T FORGET TO CHECK YOUR FIRST CLASS MAIL - THAT IS DUE NOW!!! ALSO, CHECK YOUR PERMANENT AD EXPIRATION DATES IN THE RIGHT HAND BOTTOM CORNER. ADS NOT RENEWED WILL BE PULLED.

ATCO RECEIVED A NICE CHECK FROM GEORGE HOSEK FOR THE ATCO SHOW! THANKS GEORGE.

BINKY: I HAD A PHONE CALL FROM BINKY AND AS USUAL HE WAS ANGRY. HE SAID THAT HE HAD NOT HAD TIME TO READ ALL HIS ATCOs AS HE WAS ON THE ROAD. HE SAID THAT WHEN HE GOT TIME TO READ THEM HE NOTED SOME OF THE (as he put it) "SO CALLED EXPERTS" ANSWERING QUESTIONS. HE IS STARTING A QUESTION AND ANSWER SECTION IN ATCO. PLEASE ADDRESS YOUR TOKEN QUESTIONS TO BINKY AND SEND TO ATCO. I WILL FORWARD THEM TO HIM FOR HIS ANSWER. I THINK HE MELLOWED A LITTLE AFTER I TALKED TO HIM BECAUSE HE SENT THE FOLLOWING MESSAGE TO THE ATCO MEMBERS.

Dear Bill.

I want To wish you and The ATCO family Merry Christmas and a Happy New year.

Sorry no letter but have been busy hauling Toys This last month.

Regards Binky

ATCO TOKEN & MEDAL SHOW 1987

Since the artist has not completed designing the 1988 "flyer" I will use this page to put forth a little information. I am late partly due to travel right after the show.

I wish to thank everyone for the "compliments" and nice write ups on the show that is music to my ears. Believe me I am not promoting the show for any cash profit for myself. Just want to make as many people as possible happy and maybe make a few friends. Or even pick up a stray Nebraska token along the way.

I feel the most important factor that made the show what it was - is the large number of collectors/dealers who signed up early because they had faith in what I might accomplish and that Omaha, Nebraska could be a good sight for a successful token show. Thoseearly signees were the ones who helped make the show.

We had very good help from Bob Cruise who made up our signs, badge labels and etc. Dan Jackson, Tom Tvrakoski, Mike Weidenfeld, Gary Hosek and Bob Cruise furnished the physical assistance in setting up the tables, hauling coin cases and other chores in setting up the bourse room. There was Gene Mueller who kept an eye on things in the bourse room. Bud Swanson the mike. Bill Clapper, J. L. argett, Alan Weinberg, Bob Campbell and so many others out there who helped promote the show. Chas. Littlefield, Bob Campbell, Elaine Swanson and Roger Winkelhake for their words of advice on how to run a good show. There was that nice group of donors of books and catalogs for the free door prizes - I hope to list them another time. I do hope the winners have thanked the donors. Chamber of Commerce furnished ladies to take care of sign in table. You always forget someone.

6th ANNUAL ATCO NATIONAL TOKEN & MEDAL SHOW, SEPT. 3rd & 4th, 1988
RAMADA INN AIRPORT, OMAHA, NEBRASKA

That is right - the Ramada Inn Airport - I am not moving the show to the Holiday Inn. They wanted $2,000 for the bourse room, $3 each for table covers and a charge for a hospitality room. Then they felt they were doing me a big favor.

The important message for many of the table renters is - THE COIN CASES WILL ALL HAVE DIFFERENT LOCKS AND YOU WILL EACH HAVE YOUR OWN KEY. After bugging the Omaha Coin Club officers enough they decided to buy 40 cases. Maybe they think the show will be in Omaha every year - that is not true. I have to get on that Nebraska token catalog. The rent on the cases will be $6 instead of the $5 previously listed. The coin club is charging me more for them. I will not have many 'spares' at those prices, so do let me know in advance if you want a case(s). These will be deep cases.

I would like to encourage as many as possible to rent 6' tables. A 6' table will rent for $55 vs. the 8' table for $65. The 6' tables will make more room for all of us to move around in the bourse room. So let me hear from those who are willing to switch.

There are 4 tables still available - they may be gone before this is published. First come first served. 48 tables are rented and many of these each have 2 renters.

George Hosek, 7411 Idledale Lane, Omaha, NE 68112, 402-455-1905

I could not believe what I heard a dealer from Lincoln, NE decided not to come back because he did not feel I advertized enough. He didn't have tokens anyway.

This society was formed for the purpose of bringing together collectors of Wyoming memorabilia. We are interested in anything that concerns Wyomings history in the form of collectibles.

We need members with varied interests so that their knowledge about their collection can help others who are just beginning or who have obtained something and would like information concerning it.

A monthly newsletter, "THE WYOMING COLLECTOR'S DISPATCH", is an informal, 3 to 4 page publication & is open to all correspondence concerning Wyoming collectibles. Including items for sale, trade, or specific items wanted.

Dues are $8.00 per year. This is simply to cover my cost for paper, copies, supplies, postage, etc.

Since beginning the newsletter in March of 1987, we have had articles concerning tokens, bottles, license plates & other Wyoming collectibles.

WE WOULD LIKE TO HAVE YOU AS A MEMBER!

Dear Bill:

Through correspondence with Bill Williams I've agreed to do a new edition of LUMBER COMPANY TOKENS. Since new listings amount to more than half of the original edition a new edition is necessary. NSCA will have the few remaining copies of the original edition available for promotions, and the next NSCA bulletin will have the request for new information for inclusion, and I would like to note the same in ATCO.

LUMBER COMPANY TOKENS: NEW EDITION BEING PREPARED. SEND NEW LISTINGS TO:

SUSPECT TOKEN By Bob Temarantz:

"C. H. ALGERT TUBA, AZ/5¢ TRADE." All the letters were individually incused on a brass, very thin planchet. It measured 22.5 mm in Diamater, was expertly doctored to look duc and genuine. The real Tuba token measures 21mm, is not incused, but raised letters, has Arizona spelled out entirely and says, "GOOD FOR 5¢ IN TRADE" ON THE REVERSE.

MANHOLE COLLECTING BECOMING BIGGER AND BIGGER! IN FACT BINKY THINKS WE OUGHT TO HAVE A WHOLE SECTION DEVOTED TO JUST MANHOLE COVER COLLECTING. WOULD BINKY KID YOU?

Manholes tell a story

The Associated Press

FORT WAYNE, Ind. — There are more than just tire treads on Fort Wayne's manholes, just ask Kathryn Moore.

Moore has spent the last couple of years rubbing images of Fort Wayne's manhole covers onto paper. She's collected the image of about 25 Fort Wayne covers in hopes of learning more about the city's history.

"Some of them aren't really pretty, and I can see why people aren't impressed," she said. "But I saw the history involved in this and got more excited."

Her interest in manhole rubbings began a few years ago when she was living in Spain.

"They have beautiful manhole covers in the streets and sidewalks," she said. "I've got some really elaborate and interesting ones."

Some of the oldest ones she's found in Fort Wayne belong to the Bass Foundry, which operated in Fort Wayne from the early 1860s to the late 1930s.

BOOK REVIEW

Lloyd Wagaman's long-awaited book on Ingle System mavericks has just recently been printed. Titled A Checklist and Aid to Attributing Ingle System Scrip, the catalog has been several years in the making. The tremendous amount of research done is borne out by the presence of listings for 3,365 different merchants, approximately 70% of which have been attributed. Each of the 80 pages averages about 40 listings. There is an adequate number of photographs and space is thoughtfully provided for future listings and attributions.

The only drawback, which doesn't amount to much, seems to be the quality of the printing. To avoid the steep price tag that would have resulted from typesetting, the manuscript was submitted in camera-ready form. This has led to some uneveness and lightness of print. But this slight disadvantage is actually inconsequential in comparison to the wealth of information provided to the active token collector.

Lloyd Wagaman should be congratulated on a job very well done. And every token collector worth his salt should have one of these attribution tools in his library.

The 8½" x 11" paper-covered book can be ordered from: IKO-TAMS Book Fund, 332 Duncan Drive, Camby, IN 46113. The price is $ 6.95 postpaid.

U. S. STATE, COUNTY OR COMMUNITY ANNIVERSARY AND SOUVENIR COINS

These types of coins include the many "centennial" or "sesquicentennial" etc. coins that were popular particularly in the late 1950's and 1960's, most often (but not exclusively) issued in brass and good for either .50 or $1.00 in trade. This also includes annual issues such as the Lake Havasu City (AZ) Dollar, Emmetsburg (IA) Irish Dollar; and also issues commemorating events such as the Fort Bragg (CA) Paul Bunyan Days or the 1962 Seattle World's Fair $1.00 coin . . . anything that had a stated value and could be spent in more than one place, usually in the entire city, county or state.

TRADING--I am very interested in trading for my collection of such coins from all 50 states. Please let me know what you have, what state or area you may be interested in trading for. I have hundreds of duplicates!

BUYING --I am buying all of these types of coins as well, either singles or a quantity from the same city. Please write with either rubbings or descriptions.

SELLING--"Starter sets" of 10 coins from at least five different states for $15.95, postpaid. Look for extensive lists of available coins and prices in upcoming issues of ATCO!

Dear Deke —

1st — your token "The Hog Ranch Laramie" — I wonder if that isint Ft Laramie? In the book "Brass Checks and Red Lights" by Fred Mazzulla there is a picture of the Hog Ranch at Fort Laramie. Laramie had a "district" but it was in town — I got this book from Mazzulla — his address was 1430 East 8th Ave Denver Colo. 80206 — think the book cost only a couple bucks and has 4 CM Russell reproductions.

Just bought 5 brass Cody medallions and Junior tells me
